OSINT Training Series: 5 Day Cyber-Crime, Social Networking and OSINT Investigative Training

This 5-day hands-on course contains new and innovative cyber-crime investigation methodology and techniques and is designed specifically for law enforcement analysts and investigators. Although this is an advanced level course, it will be presented from a law enforcement point of view. This will benefit those experienced (but non-technical) analysts and investigators wishing to attend. Those engaged in any aspect of cyber-crime will benefit greatly from this course. Wi-Fi will be available for each student during the training.
